Bulk Extracts

CBD Capsules contain an exact serving of 15mg of the highest quality CBD, they are the most convenient and easiest way to consume CBD. All capsules are prepared with 100% natural full spectrum CBD extract.

Standards

Extracted, formulated and prepared exclusively in GMP licensed facilities within the European Union, all of our CBD bulk extracts are tested to the highest standards.

Source

Extracts are derived from strains of Cannabis Sativa L approved by the EU according to the EU Common Catalogue. We only use hemp which has been cultivated and harvested sustainably within the EU offering full traceability from seed to sale.

Products

Products available for bulk purchase include:

- Raw Crude Extract from Super Critical CO2 Extraction
- Crude Extract from Cryogenic Extraction with Food-Grade Ethanol
- Winterised Oil
- Soft Gel Capsules

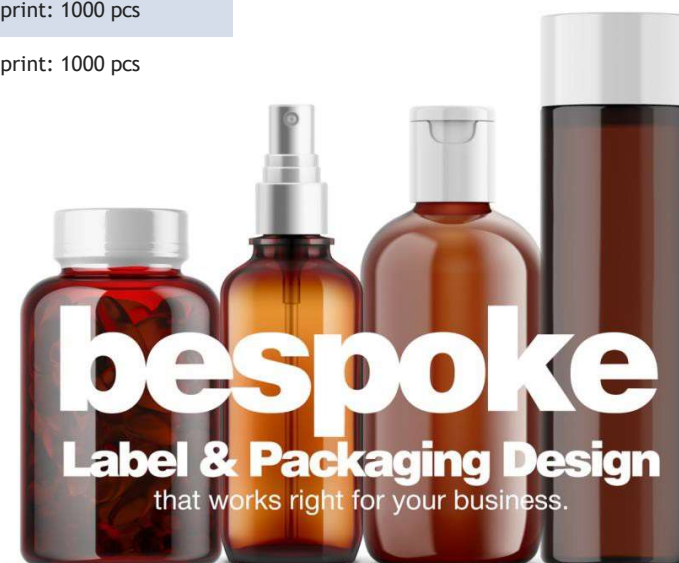

Packaging

All extracts are securely packed safely in CurTec containers. CurTec packaging products are UN certified and comply with relevant EC directives and FDA regulations regarding food contact and are included in Drug Master File #16388. CurTec is a GMP certified packaging company.
